As a result of new legislation, the DEQ is now offering grants for stormwater and wastewater asset management plan development, stormwater management plan development, sewage collection and treatment plan development, and state-funded loans to construct projects identified in an asset management plan or stormwater management plan. The purpose of this seminar is to provide information and tools to help understand the new SAW eligibility, as well as guidance and assistance with the application process.

Who should attend?

This seminar has been designed to provide relevant and timely information to municipal officials, drain commission offices, municipal supervisors, managers, operators, and consulting engineers.
